

A solvent/degreaser
Reserved for professional use.

DESCRIPTION & APPLICATIONS

Cleaning mechanical parts
Ready-to-use
Use in tank, or apply by cloth or brush

IGOSOLVE AL 4 is a maintenance auxiliary essential in agri-business whenever degreasing operations are required.

Its solvent power and high flash point give it high-level performances and provide safe working conditions.

IGOSOLVE AL 4 complies with the provisions of the 1992 CNERNA guide. It is authorised for incidental contact with foods (FDA 21 CFR 172. 882 and FDA 21 CFR 172. 884 within the limits set by the regulations).

ADVANTAGES

- Complete and rapid drying
- High solvent power
- Low odour
- No corrosive action on the usual metals.

Characteristics	Standards	Units	Values
Appearance / Colour	-	-	Colourless fluid
Density at 15°C	NFT 60-101	kg/m ³	700-800
COC flash point	NFT 60-118	°C	>35

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
