

A multi-grade lubricant, specially created for lubricating milking machines.

ADVANTAGES

MILKER is a lubricant created from refined oils, which give it excellent stability.

MILKER is characterised by a very high lubricating power.

USES

MILKER is a lubricant specially designed for milking machine vacuum pumps.

Characteristics	Units	Values
Density at 15°C	kg/m ³	872
Kinematic viscosity at 40°C	mm ² /s	63.3
Engler viscosity at 50°C	°E	5.8
Viscosity index	-	170
Pour point	°C	-39
COC flash point	°C	216

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
