

PROBEOL CHAINE 150 EL

A biodegradable, lubricant as per standard OECD 301B standard (low harmful use for water and soil, limits CO2 emissions) for greasing of chainsaw chains and guides.

ADVANTAGES

PROBEOL CHAINE 150 EL is:

- a very high-performance lubricant, and oxidation stable
- a practically colourless and odourless product.
- contains a flow agent and a biodegradable thickener, which considerably enhances adhesion, thereby reducing spatter and consumption.
- Suitable for summer and winter use up to 15 ° C
- Complies with RAL-UZ48 technical performance standard

EU Ecolabel: FR/27/010

A label awarded to products or services satisfying the environmental requirements of the European Union ecological label system

USES

PROBEOL CHAINE 150 EL is recommended to improve lubrication of any manually or automatically greased chainsaw chains, and more particularly for use in “sensitive” areas: forests close to water catchment areas, lakes, etc.

Characteristics	Methods	Units	Values
Color	-	-	Amber
Odor	-	-	Light
Density at 15°C	NF T 60-101	kg/m ³	923
Kinematic viscosity at 40°C	NF T 60-100	mm ² /s	160
Kinematic viscosity at 100°C	NF T 60-100	mm ² /s	34
Pour point	NF T 60-105	°C	-30
Viscosity index	NF T 60-136	-	>160
Flash point	NF T 60-118	°C	302
Biodegradability	OECD 301 B	%	>80
Biodegradability	CEC L33A93	%	>95

PROBEOL CHAINE 150 EL

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
