

100 % Synthetic oil.

High performance, multi-grade engine lubricant, specially designed for powerful, sporty engines operating at high speeds, both on the road and on the competition circuit.

PERFORMANCES

API SN

Includes all the qualities of API SM oils: resistance to oxidation, reduced wear and very good low temperature performance plus it is designed to provide improved protection against piston deposits and better compatibility with elastomers.

ACEA A3/B4

High-performance engine oil for petrol and diesel engines (including direct injection), with increased shear strength and excellent viscosity stability even under heavy use. Tolerates maximum oil change intervals.

Note: Before use, always check the manufacturer's recommendations in the maintenance manual.

ADVANTAGES

IGOL RACE FACTORY COMPETITION 10W-60 is the result of the know-how of our Research and Development laboratory.

Its composition based on Ester and PAO, offers an unequalled level of performance as well as an exceptional resistance of the oil film under strong constraints.

- Suitable for all types of petrol and diesel engines with or without turbo, using all types of leaded or unleaded fuels, diesel and LPG gas, equipped or not with catalytic converter.
- Suitable for certain BMW, PORSCHE and MERCEDES engines when an oil of SAE 10W-60 grade is required.
- Ensures optimal lubrication of engines, especially during sporty driving.

Technical data sheet

PHYSICO-CHEMICAL PROPERTIES

Characteristics	Standards	Unit	Values
Specific gravity at 15°C	ASTM D4052	g/cm ³	0.856
Cinematic viscosity at 40°C	ASTM D7042	mm ² /s	163.6
Cinematic viscosity at 100°C	ASTM D7042	mm ² /s	25.3
Viscosity Index	ASTM D2270		189
HTHS	ASTM D4683	mPa.s	5.9
TBN	ASTM D2896	mgKOH/g	10.7
Pour point	ASTM D97	°C	-39
Flash point	ASTM D92	°C	229

Characteristics are given for information only and correspond with our manufacturing standards. IGOL reserves the right to modify them to provide its customers with the benefits of technical progress. Before using this product read the instructions for use and the environmental impacts mentioned in the technical and safety data sheets. The information given above is based on the current level of knowledge relative to the product concerned. The product user should take all useful precautions relative to its use. IGOL can in no circumstances be held responsible for damage resulting from incorrect use.
