

High technology, 100% synthetic lubricant for gearboxes and axles.

### PERFORMANCES

#### Standards:

API GL-4/GL-5  
API MT-1

#### Specifications:

DAF (1)  
SCANIA STO 2:0 A  
IVECO (1)  
MIL-PRF-2105E  
SAE J 2360  
ARVIN MERITOR 0-76-N  
MACK GO-J  
ZF TE-ML 05A 07A 08 12N 16F 19C 21A

(1) where MIL PRF 2105E, SAE J2360 and/or GL-5 specified

### ORGANISATIONS & MANUFACTURERS - Scope of application -

**API GL4:** Meets the manual gearbox specification, MIL-L-2105 (obsolete). A level of additives equivalent to 50% of that for the GL-5 class is adequate.

**API GL5:** Forms part of the SAE J2360 specification (formerly MIL-PRF-2105E). Recommended by most automobile and truck manufacturers the world over.

### ADVANTAGES

SYNTHEGEAR is formulated on the basis of a TDL (Total Drive Line) concept, which uses a single product in gearboxes and in axles: (GL-4 and GL-5 - both products) without any risk of corrosion, in particular of synchromeshes.

In addition, the synthetic nature of the base gives the product a much greater resistance to high temperatures without risk of oxidation or of formation of deposits (high degree of cleanliness of the gears) and also offers an excellent resistance of the oil film to shearing.

SYNTHEGEAR meets the specifications of the main gearbox and axle manufacturers and thus allows the oil change intervals recommended by the harshest among them.

Technical data sheet

### USES

SYNTHEGEAR is an extreme pressure synthetic oil for gearboxes and axles where automobile manufacturers demand API GL-5 or API GL-4 with very good resistance to high temperatures and heavy loading.

Characteristics	Standards	Units	75W-110
Density at 15°C	NFT 60-	kg/m <sup>3</sup>	870
Viscosity at	ASTM	mm <sup>2</sup> /s	157
Viscosity at	ASTM	mm <sup>2</sup> /s	20.8
Index viscosity	NF T 60-		156
Pour point	ASTM D97	°C	-45
VO Flash point	NF T 60-	°C	204

Technical data sheet

*Characteristics are given for information only and correspond with our manufacturing standards. IGOL reserves the right to modify them to provide its customers with the benefits of technical progress. Before using this product read the instructions for use and the environmental impacts mentioned in the technical and safety data sheets. The information given above is based on the current level of knowledge relative to the product concerned. The product user should take all useful precautions relative to its use. IGOL can in no circumstances be held responsible for damage resulting from incorrect use.*
