

Oil used for fitting high-pressure hose ends.

ADVANTAGES

A solvent-based paraffin white oil, containing special additives, which give it excellent properties:

- lubrication
- short-lived
- does not contaminate the circuit

Characteristics	Standards	Units	Values
Appearance / Colour	-	-	Colourless fluid
Density at 15°C	NFT 60-101	kg/m ³	820
Kinematic viscosity at 40°C	NFT 60-100	mm ² /s	4.2

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
