

**A powerful water-based cleaner specially created for cleaning agri-business equipment.
Reserved for professional use.**

DESCRIPTION & APPLICATIONS

CLEANAL 100 complies with the French ruling of 8 September 1999 on cleaning products for equipment authorised for contact with food.

CLEANAL 100 is free from phosphates, soda and potash.

Although highly active, CLEANAL 100 poses no flammability risk or damage risk to plastics, rubbers or paints.

CLEANAL 100 was designed for cleaning tanks which have contained food products such as fruit juices, wines, etc., and for any agri-business equipment requiring high-performance cleaning.

It can also be used for cleaning workshops, showers, basins, tiling and floors. It is effective at eliminating soiling caused by industrial and urban pollution.

CLEANAL 100 is particularly effective on organic soiling such as greases and oils, as well as on food residues (proteins).

CLEANAL 100 is a highly active degreasing agent recommended for any surfaces (metal, plastic, rubber, tiling, cement, painted surfaces).

For cleaning rooms or mechanical assemblies, or degreasing parts in agri-business.

- Spray cleaning:

Dilute CLEANAL 100 to between 3 and 10 % in cold water
Spray on and leave in contact for 3 to 5 minutes
Rinse the surface carefully before drying

- High-pressure machine cleaning:

Fill the high-pressure cleaner tank with CLEANAL 100, and apply to the surface to be cleaned
Rinse the surface carefully before drying

Characteristics	Standards	Units	Values
Appearance / Colour	-	-	Yellow fluid
Density at 15°C	NFT 60-101	kg/m ³	1098
pH in pure state	NFT 90-008	-	13
pH at 5%	NFT 90-008	-	11.8

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
