

**A multi-purpose agent.
Reserved for professional use.**

DESCRIPTION

REDUCTOL 8 is a multi-purpose rust-reducing, anti-corrosion, phosphating, anti-moisture agent for mechanical and electrical equipment.

- Unseizing & derusting agent
- Lubricant
- Anti-corrosion & descaling agent
- Phosphating agent
- Anti-moisture

USES

Usable for any mechanism or precision tool in heavy industry, workshops, garages, marine applications, construction, etc.

As a general rule, REDUCTOL 8 will be useful in any minor mechanical or electrical maintenance jobs (however avoid using REDUCTOL 8 on live electrical circuits or components – In these cases, use our specific product **NET CONTACT**).

PRECAUTIONS FOR USE

Comply with all the recommendations specific to aerosol use: follow the instructions on the box carefully.

The aerosol cans must be used within one year of delivery for optimum use; returns will not be accepted after this time.

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
