

Special cleaning product for motocross and enduro foam air filter.

SPECIFICATIONS

PROPULS FILTER CLEANER degreases and cleans the air filter.

The product is soluble in water.

To be used in addition to the protective lubricant **PROPULS FILTER CROSS**.

MANUAL

- ✓ Bring gloves.
- ✓ Carefully disassemble your air filter.
- ✓ Pour the **PROPULS FILTER CLEANER** into a bucket.
- ✓ Immerse in your filter and let the liquid act for a few minutes.
- ✓ Drain the filter without twisting it and let it dry for 10 to 15 minutes.
- ✓ Put the filter element back on its support and let it dry for another 30 minutes before use.

The characteristics are given purely for information and are consistent with our current production standards. IGOL reserves the right to modify them, in order to pass on technical developments to its customers. Before using this product, you should consult the instructions for use and the environmental impact shown on the technical and safety data sheets. The information given above is based on the current state of our knowledge of the product in question. The product user should take all relevant precautions relating to its use. Under no circumstances may IGOL be held liable for damages resulting from misuse.
