## WHO ARE WE?

1950

1970

1990

2000

## MORE THAN 70 YEARS OF PASSION AND STILL GOING STRONG !

The IGOL brand was created when fifteen heads of independent producers and distributors of lubricants across France joined forces. Since then, the company has grown steadily and is now one of the leading independent manufacturer of lubricants.

Our perennial priorities have been: quality, innovation and close working relationships - all with a view to fostering an effective partnership with every customer.

## A PARTNER FOR PERFORMANCE

IGOL has always been involved in motor sports, competing at the highest levels. Rallying and motorcycle racing are embedded in the brand's DNA. Competitive racing provides an ideal and challenging proving ground for innovative lubricants. IGOL is proud to support the performance and achievements of its partners, by enabling them to exceed their expectations.

## PACKAGING THAT MEETS YOUR NEEDS

## AN EXPORT DEDICATED TEAM

### IGOL INTENSIFIES ITS INTERNATIONAL PRESENCE !

For more than 70 years, IGOL has been designing, developing and manufacturing innovative, state-of-the-art products.

IGOL offers a wide range of lubricants for engines, transmissions and gearboxes, but also complementary products such as greases, coolants, aerosols, cleaning products and cosmetics for all sectors of activity (Automotive, Motorcycle, Agriculture, Industry...).

With a brand new plant based in the north of France, IGOL continues to invest in research and development and in its production facilities to offer you premium products and services.

### FRENCH KNOW-HOW

IGOL exports its French know-how to many countries.

IGOL and its dedicated Export team can help you to grow your business by benefiting from a strong brand with a presence in many international motorsports competitions, state-of-the-art products tailored to your needs and your market, tailor-made marketing tools and actions.

### DO YOU WANT TO BECOME A DISTRIBUTOR OF THE IGOL BRAND OR TO KNOW MORE ?

Please contact our dedicated export team !

By email: **export@igol.com**

## OUR RANGES

### PROFIVE

Top-end lubricants that preserve  
OEM warranties and meet the latest  
ACEA standards.

### PROCESS

Lubricants whose properties meet  
manufacturers' recommendations.

### Race Factory

Lubricants specially developed  
for competition.

### Héritage

■ SINCE 1949 ■

IGOL know-how applied to  
lubricants for older vehicles.

## PROFIVE

APPROVED

OEM WARRANTY

Modern vehicles need engine lubricants that satisfy the approval criteria set by manufacturers, but which above all maintain and even improve engine performance and lifespan.

With its PROFIVE range, IGOL caters perfectly to these requirements. Our R&D department finds technical solutions that meet the most challenging demands imposed by manufacturers - this is particularly true for the cutting-edge industrial technology applied by this department to develop the complex formulations found in our PROFIVE range. Keep a step ahead with PROFIVE.

**LEVEL**

**OEM WARRANTY**

With more than 70 years of experience and innovation under its belt, IGOL caters for all requirements and applications. It is the leading French independent producer and OEM have recognised the quality of IGOL's lubricants by designating them as "approved" products in terms of maintaining OEM warranties. The PROCESS range is an example of this quality.

You can rely on IGOL's experience and know-how to protect your engine and maximise your equipment's lifespan and performance, even under extreme conditions, thanks to the high levels of protection and reliability offered by the lubricants.

## THE NEW RANGE OF LUBRICANTS DEDICATED TO MOTOR RACING

The product of years of experience on rally cars and tested under the most extreme conditions, this new range of IGOL RACE FACTORY lubricants have been developed to cater for the ultra-high performance of sports cars, supercars, racing cars and muscle cars.

IGOL LUBRICANT	VISCOSITY ACEA/API	SPECIFICATIONS
<b>IGOL RACE FACTORY RALLYE</b>	<b>5W-50</b> ACEA A3/B4 API SL ESTER & PAO	A 100% synthetic, very low viscosity, ESTER- and PAO-based lubricant offering high resistance to extreme conditions of use. Recommended when compliance with the Ford WSS M2C-937-A standard is required, notably for Ford Focus RS 2.5L TURBO Duratec vehicles. For high-power petrol and diesel engines operating at high revs for sports driving. Compatible with catalytic converters and particulate filters (MID SAPS). Approved by MB 229.5 and Mercedes-Benz MB 229.3. FORD WSS M2C 937-A - MB 229.3 & 229.5, PORSCHE A40, RN700 & 710, VW 502.00 & 505.00.
<b>IGOL RACE FACTORY COMPETITION</b>	<b>10W-60</b> ACEA A3/B4 API SN ESTER & PAO	A 100% synthetic, high-performance ESTER- and PAO-based engine oil specially developed for powerful, sporty engines driven hard at high revs on both roads and race tracks. Suitable for all types of petrol and diesel engines, turbocharged or not, running on all types of fuel, leaded or unleaded, diesel and LPG, fitted or not with a catalytic converter. Suitable for some BMW, PORSCHE, etc. engines.
<b>IGOL RACE FACTORY 0101</b>	<b>10W-50</b> ACEA C3 ESTER & PAO	A 100% synthetic, ESTER- and PAO-based engine oil specially formulated for powerful, sporty engines driven hard at high revs. Increases power output while reducing friction and wear. Provides optimal lubrication under demanding conditions. Suitable for petrol and diesel engines, turbocharged or not, running on leaded or unleaded fuels, diesel and LPG, fitted or not with a catalytic converter and a particulate filter. Meets the Abarth 0101 standard.
<b>IGOL RACE FACTORY RACING</b>	<b>0W-40</b> ACEA A3/B4 API SN ESTER & PAO	A 100% synthetic ESTER- and PAO-based engine oil for racing engines. Excellent protection of moving mechanical components. Suitable for 4-stroke naturally aspirated and turbocharged petrol engines. Perfectly suited to medium-duration events: track racing or rallying. Mercedes-Benz MB 229.1 - VW 502.00/505.00.

# Héritage

SINCE 1949

## MULTIGRADE LUBRICANTS FOR VINTAGE AND COLLECTOR CARS

For more than 70 years, the IGOL brand has been synonymous with safety and peace of mind. The HERITAGE range of lubricants gathers together the quintessence of these years of technical research and experience to protect and enhance the performance of these engines. IGOL's HERITAGE range provides a modern lubrication solution that meets the demanding requirements of enthusiasts for their vintage, classic and youngtimer cars.

IGOL LUBRICANT	VISCOSITY ACEA/API	TECHNOLOGY	SPECIFICATIONS
IGOL HÉRITAGE ZS	15W-50 API SL/CF	SEMI-SYNTHETIC LUBRICANT	Mercedes-Benz MB 229.1 - VW 501.01/505.00 An oil for passenger vehicle petrol engines, upgraded by synthetic bases specifically selected to cater for the needs of vintage vehicles.
IGOL HÉRITAGE GTZ	20W-50 API SF/CF	MINERAL LUBRICANT	A multigrade oil that meets the API SF/CF standard for petrol and diesel engines, produced from mineral bases and additives specially selected for engines from 1950 onwards.
IGOL HÉRITAGE SPORT	SAE 30 SAE 40 SAE 50 API SE/CC	MINERAL LUBRICANT	A monograde, anti-oxidant and anti-wear oil for the lubrication of petrol engines.
IGOL HÉRITAGE GRAMO B	80W-90 API GL-5	MINERAL LUBRICANT	MIL-L-2105D A multigrade lubricant for the gearboxes and axles of older vehicles driven hard at high revs.
